Do not hesitate to contact them if you have questions or problems regarding the curriculum.  
Any feedback from you is also welcome.

For the second master year your master thesis promoter will act as contact person.

Besides, Prof. Danny Van Hemelrijck ([Danny.Van.Hemelrijck@vub.ac.be](mailto:Danny.Van.Hemelrijck@vub.ac.be)) acts as overall 'ombudsperson'.  
Do not hesitate to contact him for sensitive problems, he will treat the information as strictly confidential.

For more administrative issues or other problems you can contact the Bruface coordinator Prof. J. De Ruyck ([jdruyck@vub.ac.be](mailto:jdruyck@vub.ac.be)).

## Student representatives

Communication between students and staff occurs preferably through student representatives for each Master. For good representation we propose that every master would be represented by three students: two native Belgian (one N and one F) and one international student. Representative names will be collected in the course of the first weeks by sending a message to [jdruyck@vub.ac.be](mailto:jdruyck@vub.ac.be).

Our faculties are aiming at one common platform for exchange of information, but this is not yet operational. Please see with every professor individually how you will communicate.

For mutual access, you need to get a registration as 'guest student'/'inscription administrative' at the partner university. *This will be done automatically during the first weeks of the year, no action required from you !*

For ULB students :

As soon as your application is processed, you can login in the VUB learning platform <https://pointcarre.vub.ac.be/>.

For VUB students :

As soon as your application is processed, you can login in the ULB learning platform <https://uv.ulb.ac.be/>. *Only French, sorry !*

If you experience problems regarding scheduling do not hesitate to contact [jdruyck@vub.ac.be](mailto:jdruyck@vub.ac.be).

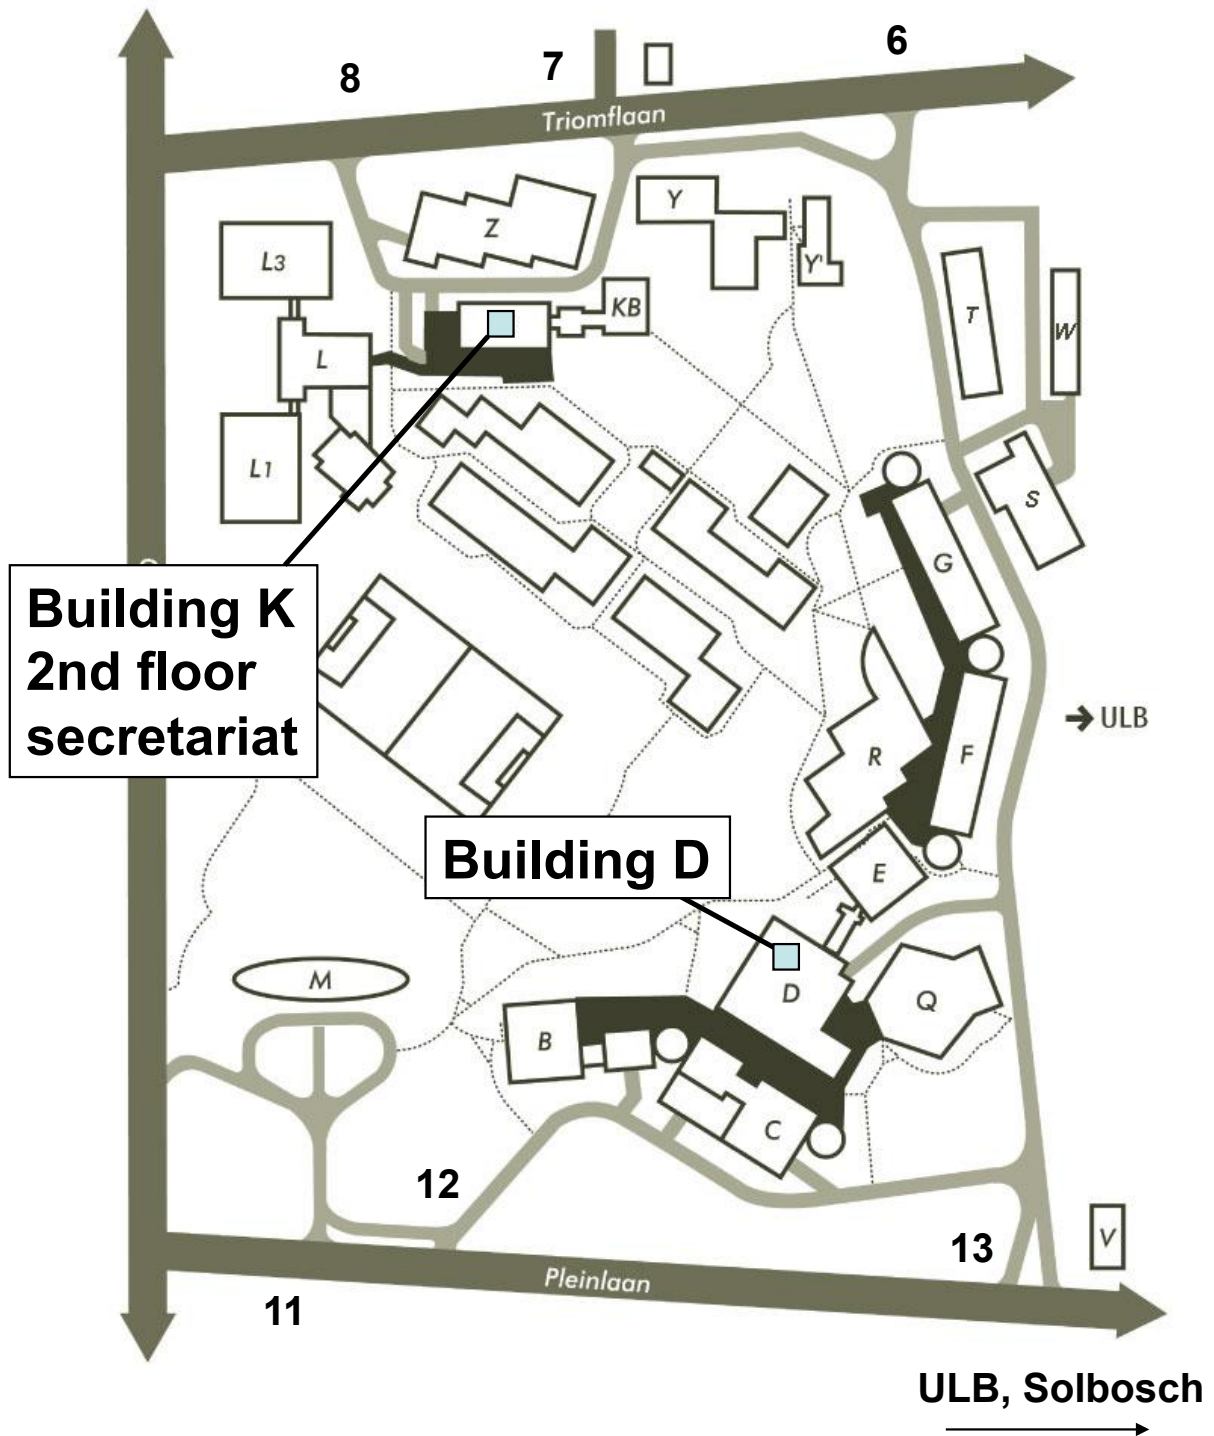

## Access to other facilities:

Your student card gives access to most ULB and VUB facilities (mainly restaurant, library, etc). No action is required from your side. There is no agreement however between the universities regarding reduced student rates for the sports facilities.
